**HENDERSON, Nevada** – The Ron Paul 2012 Presidential campaign announced today additions to its active “Hispanics for Ron Paul” nationwide coalition.

The following additions to the coalition hail from Clark and Washoe counties, both Nevada. They have pledged to spread the word about Dr. Paul among their respective communities.

Originally from Colombia, Las Vegas student Vanny Hunter supports Ron Paul for his stances on the economy and foreign policy. “A less interventionist foreign policy will be beneficial to the United States and its valued partners around the globe,” said Mr. Hunter. The young Mr. Hunter favors Dr. Paul’s plan to bring limited government back to America, but his favorite policy stance is the restoration of the Constitution of the United State of America.

“I support Ron Paul because he is the only politician that has been consistent on the issues for over 30 years, and he has never voted against our Constitution,” said Alexia Acha, a stay-at-home mother in North Las Vegas.

She added, “I want to leave this country a better place for my children, and their children. The best way to do that is to help elect Ron Paul for the presidency. In doing so, we will be better able to take back control over our schools and our lives. Ron Paul has a unique [‘Plan to Restore America.’](#)”

Alexander Falconi, a father from Washoe County in Carson City, also pledged his support for Ron Paul. “Ron Paul is the only politician I trust. Politicians should not straddle the line between the peoples’ interests and special interests.” Falconi proclaimed that “this will be a tough fight,” and that he will do whatever he can to support Ron Paul for President.

New members being announced today are leaders in their community who are representative of the support Dr. Paul enjoys from America’s fastest-growing population and voter segment.

A [recent poll](#) shows Dr. Paul faring better among nonwhite voters than any other Republican candidate when matched against incumbent President Barack Obama. “Hispanics for Ron Paul,” then, offers the Ron Paul campaign the opportunity to form a larger winning coalition by sharing his message of personal and economic liberty among voters of Hispanic ancestry.

As a function of this announcement, the above-mentioned persons are all members of the “Hispanics for Ron Paul” nationwide coalition, in particular its Nevada steering committee.
